THE CRANACH FINISH COLLECTIONS

Built for Specification. Designed to Endure.

At CRANACH, we understand that a finish is never just a color —it's a surface standard, a tactile choice, a material promise.

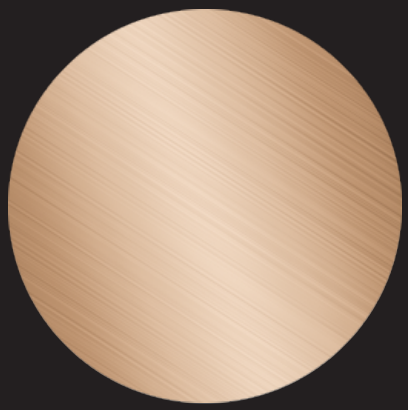
Every finish in this collection is developed to meet the demands of real projects: durable under use, consistent across systems, and architecturally precise. From brushed textures to deep matte tones, our finishes are tested for corrosion, abrasion, and color retention. Whether your design vision is minimalist or expressive, this curated range is engineered to match it—with reliability and refined aesthetics.

Use this book as your finish toolkit. Specify with confidence.

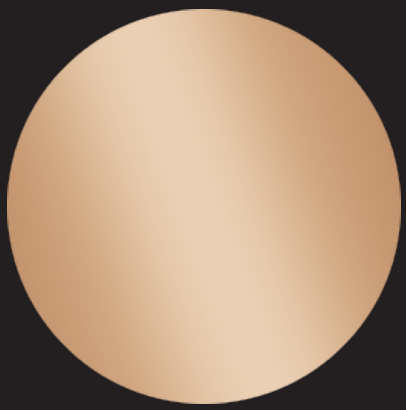
By CRANACH®

Collections of Cranach Signature Metals

Our Signature finishes express the core of Cranach's design philosophy—architectural warmth, fine materiality, and modern refinement. Whether softly brushed or mirror-polished, these finishes balance elegance and individuality, offering a new material language beyond traditional ones.



ROMAN BRONZE | RB



ROSE GOLD | RG

Collections of Reflective Neutrals

Understated and architecturally timeless, these highly reflective finishes offer universal compatibility across design styles—from classic to contemporary. Their visual clarity enhances geometry and clean lines, making them foundational in both residential and hospitality spaces.

POLISHED CHROME | CP

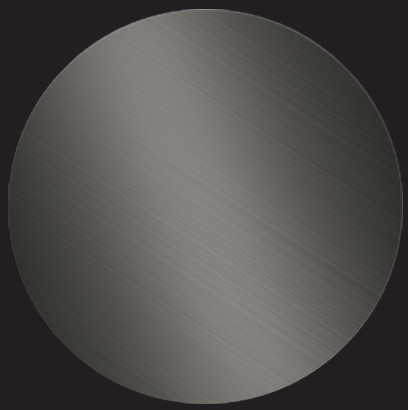
POLISHED NICKEL | PN

BRUSHED NICKEL | BN

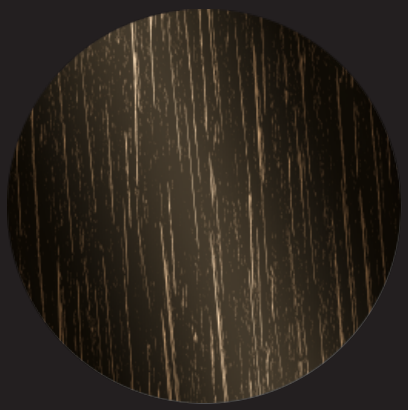
Collections of Sculptural Darks

Deep, dimensional, and dramatically expressive—these finishes define volume and contrast. Ideal for design-forward spaces, they highlight silhouettes and create focal tension. Each tone is engineered to resist fingerprints while preserving its tactile, matte or burnished surface.

MATTE BLACK | MB



GUN GREY | GG



OIL RUBBED BRONZE | ORB

Collections of Modern Warm Alloys

This palette of sophisticated warm alloys brings softness, opulence, and tonal richness. From champagne-hued zircon to the high-precision sheen of titanium gold, each finish evokes refined craft and enduring warmth. Perfect for bespoke interiors seeking elevated material narratives.

BRUSHED GOLD | BG

ZIRCONIUM GOLD | ZG

VIBRANT TITANIUM GOLD | VT
