CRANACH

MASTERING EVERYDAY WELLNESS

It started in 2016—with a belief that the bathroom should be more than just a space; it should be an experience. Inspired by European craftsmanship, we established our first research branch in Germany, where precision and artistry shaped our foundation. The name CRANACH pays homage to Lucas Cranach, a master of detail—just like the work we set out to create.

We began with faucets, not just as functional pieces, but as carefully crafted statements of quality. Every detail—from the shape of the spout to the finish—was thoughtfully engineered to deliver more than just utility. As we honed our craft, our ambitions expanded. We ventured into shower fixtures, designing them with a deeper purpose: to integrate the healing benefits of wellness into every home. This marked a significant milestone in our journey, setting the stage for CRANACH to become a holistic solution for creating spaces that nurture both body and mind.

Today, we've expanded our offerings to a full suite of bath solutions, each thoughtfully crafted to bring a sense of luxury, balance, and style to every home. From the way our showers envelop you in soothing water to the simple elegance of our bath accessories, we create environments that invite relaxation, rejuvenation, and a touch of tranquility.

Design. Innovation. Craftsmanship. It's what drives us forward—creating timeless, beautifully engineered spaces that inspire and restore, every single day. Through it all, our mission remains the same: dedicated to bringing the best to every home.

REDEFINING EVERYDAY WELLNESS WITH AFFORDABLE LUXURY

In today's fast-paced world, the bathroom is no longer just a functional space—it has evolved into a personal sanctuary, a retreat where wellness and relaxation take center stage.

At CRANACH, we believe that everyone deserves the luxury of a well-crafted, rejuvenating shower experience, regardless of budget. Our mission is simple yet transformative: to bring spa-inspired wellness into every home through beautifully designed, accessible bath solutions.

Crafted for Excellence, Designed for Everyday Living

At CRANACH, we are dedicated to the highest standards of craftsmanship and quality. Every product we create is the result of precise engineering and expert design, built to perform seamlessly while enhancing your daily rituals. Our bath solutions are not just about looks—they are meticulously crafted to provide lasting durability, exceptional functionality, and a refined user experience. With every fixture thoughtfully designed to elevate the ordinary, we transform the everyday into something extraordinary.

Wellness Beyond Aesthetics

True luxury goes beyond appearance—it's about creating an experience that engages the senses. At CRANACH, we believe wellness is not just seen, but felt. Our CRANACH WELLNESS SHOWER integrates hydrotherapy, chromotherapy, and sound therapy to offer an unparalleled, multi-sensory escape. Every element is carefully designed to enhance your well-being, from the soothing embrace of warm water to the calming glow of ambient lighting. This is more than just a shower; it's a daily ritual crafted to restore balance, invigorate the body, and calm the mind—transforming an ordinary moment into a truly luxurious experience.

Affordable Luxury: Redefining Accessibility

For decades, premium wellness experiences have been limited to high-end resorts or luxury homes. CRANACH is changing that. We're making wellness accessible by offering the finest materials, innovative features, and sophisticated design - bringing luxury within reach for homeowners and industry professionals.

Sustainability with Purpose

Beyond luxury, CRANACH is committed to sustainability. Our products are engineered to reduce water waste without compromising performance, ensuring that every drop delivers maximum comfort and efficiency. We prioritize eco-conscious materials, responsible sourcing, and durable craftsmanship, creating a balance between indulgence and environmental responsibility.

The Future of Wellness at Home

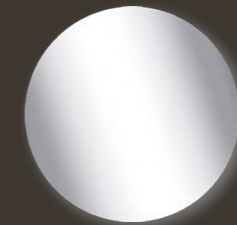

CRANACH is more than a brand—it is a movement toward a more conscious, wellness-driven way of living. Whether through state-of-the-art shower systems, intelligent bath solutions, or holistic design concepts, we invite you to experience the next evolution of everyday wellness. At CRANACH, we believe your home should be more than just a space—it should be a sanctuary for both body and mind.

Brushed Nickel

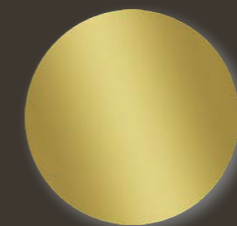

Polished Nickel

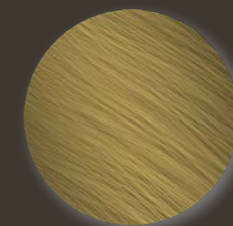

Oil Rubbed Bronze

Brushed Gold

Vibrant Titanium

Antique Bronze

Rose Gold

Elevate your bathroom experience with our shower systems, where innovation meets elegance. Our meticulously curated color finishes are more than just a trend—they're a style statement that transforms your space.

CLASSIC CHARM: REDEFINING SPACES WITH BRUSHED NICKEL

Evaluate your bathroom with the understated elegance of our Brushed Nickel finish. This timeless choice combines classic appeal with contemporary flair, creating a versatile aesthetic that complements any decor.

Our brushed nickel finish is crafted to perfection, offering a soft, satin sheen that exudes warmth and luxury. Its subtly textured surface not only enhances visual depth but also provides a tactile experience that feels as good as it looks.

GOUGH

The Gough Collection's clean lines and geometric precision create a striking visual impact, seamlessly integrating with any interior style. Its modern design makes a bold statement of luxury.

Designed for ease and efficiency, the Gough Collection includes intuitive controls and adjustable settings for a customized shower experience. Built with durable materials, it promises lasting performance and reliable operation. Enjoy a revitalizing cascade with dual water outlets that provide an invigorating flow. The combination of overhead and handheld options ensures versatility, catering to every preference and mood.

ROSE GOLD RENAISSANCE: FROM FASHION TO HOME DECOR

Step into a realm of refined luxury with our newest addition—the Rose Gold Finish. This exquisite color brings a touch of sophistication and warmth to your bathroom, transforming everyday moments into lavish experiences.

Every piece in our rose gold collection is meticulously crafted, ensuring not only beauty but also durability. Our advanced finishing techniques provide a long-lasting, tarnish-resistant surface that maintains its stunning appearance through daily use.

FARNE

With sleek lines and modern aesthetics, the Farne Collection exudes timeless elegance. The choice between square and round designs allows you to customize and enhance your bathroom's overall appeal.

Engineered for ease and efficiency, this collection includes intuitive controls and adjustable settings, allowing you to customize your shower experience effortlessly. The durable construction ensures lasting performance and reliable operation. Enjoy the ultimate shower experience with dual showerheads that deliver a soothing cascade of water. Whether you choose the geometric precision of the square version or the gentle curves of the round design, Farne offers versatility to suit every mood.

MYSTIQUE NOIR: DISCOVER THE MAGIC OF MATTE BLACK

Transform your bathroom into a chic sanctuary with our Matte Black finish. Known for its striking presence and modern allure, this finish is the epitome of contemporary sophistication, making a bold statement that captivates and inspires.

Our matte black finish offers a rich, velvety texture that adds depth and dimension to any space. Its refined appearance is both dramatic and understated, exuding an air of elegance that elevates every detail in your bathroom design.

ISLAY

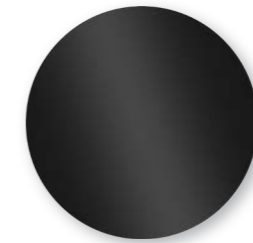

Unlock a new dimension of relaxation and rejuvenation with our Islay collection. The state-of-the-art wellness shower system combines the therapeutic power of water, light and sound to transform your daily routine into an immersive escape.

The Islay Collection doesn't just promise an unparalleled sensory journey—it delivers it with elegance and style. Crafted with premium materials and sleek design, this system seamlessly integrates into any modern bathroom, offering both aesthetic beauty and cutting-edge technology. Whether you're looking to energize in the morning or unwind after a long day, the Islay shower system adapts to your needs, making each shower a personalized retreat.

GOLDEN HOUR: ILLUMINATE YOUR SPACE WITH BRUSHED GOLD

Infuse your bathroom with the warmth and opulence of our Brushed Gold finish. Renowned for its subtle glow and refined texture, this finish adds a touch of regal elegance to any space, transforming ordinary moments into extraordinary experiences.

Our brushed gold finish offers a soft, muted sheen that exudes warmth and luxury. Its gently brushed surface provides a tactile richness, creating an inviting ambiance that elevates both classic and contemporary designs.

CROZET

The ultra-slim profile of the Crozet Collection embodies modern elegance, offering a sleek and seamless look that enhances any decor. Available in square and round designs, they bring a touch of architectural beauty to your spaces, transforming every shower into a visual delight.

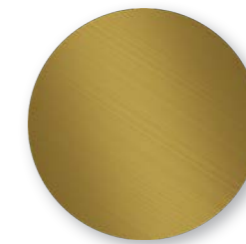

Engineered for excellence, the Crozet Collection delivers a powerful and consistent water flow, enveloping you in a soothing cascade that revitalizes and rejuvenates. Experience the luxury of a rain-like shower that turns daily routines into moments of indulgence. Whether you choose the geometric precision of the square version or the soft curve of the rough design, the Crozet Collection offers versatility to suit your personal styles. Both options blend seamlessly into contemporary or traditional settings, providing a bespoke shower experience.

TRANSFORM YOUR SHOWER INTO A WELLNESS EXPERIENCE

HYDROTHERAPY, LIGHT THERAPY, AND SOUND THERAPY

In today's fast-paced world, well-being often takes a backseat. But what if you could turn your daily shower into a powerful tool for health and relaxation? With CRANACH's innovative wellness shower systems, you can experience the combined benefits of Hydrotherapy, Light Therapy, and Sound Therapy—three transformative technologies that help you achieve a more balanced and healthier lifestyle, all from the comfort of your own bathroom.

Hydrotherapy: Refresh, rejuvenate, recover

Water has always been a natural remedy for stress and tension. Our shower systems are designed to harness the healing power of water in its most effective forms, from gentle rainfall to invigorating pressure jets. Hydrotherapy enhances blood circulation, soothes aching muscles, and relieves stress, providing a spa-like experience that revitalizes both the body and mind. Choose your preferred flow and pressure to create the perfect shower for relaxation or recovery.

Light Therapy: Boost your mood, energize your day

The right light can dramatically change how we feel. Our wellness showers feature advanced LED light therapy, offering different color options to enhance your mood and energy levels:

Blue Light: Calming and soothing, blue light is ideal for reducing stress and anxiety. It helps to relax your mind and body, making it perfect for winding down at the end of a long day.

Red Light: Red light stimulates blood flow and promotes healing, making it an excellent choice for muscle recovery and relieving stiffness. It also boosts circulation, providing you with a feeling of warmth and rejuvenation.

Green Light: Known for its balancing properties, green light can help with emotional stability and promote calmness. It's perfect for reducing stress while enhancing feelings of peace and relaxation.

Warm White Light: This light tone mimics natural sunlight, energizing your body and promoting a sense of clarity and focus. It's perfect for starting the day with an invigorating boost of energy.

Each light color offers a unique benefit, allowing you to customize your shower experience to your mood and personal wellness needs.

Sound Therapy: Relax, focus, recharge

Sound therapy enhances the shower experience by engaging the mind in relaxation. Whether it's the soothing sounds of rainfall or calming melodies, these soundscapes help reduce stress, clear mental clutter, and boost emotional well-being. Sound therapy works in harmony with hydrotherapy and light therapy to deliver a fully immersive experience that promotes relaxation, clarity, and rejuvenation.

UNLEASH THE POWER OF TOTAL WELLNESS: THE ULTIMATE SHOWER EXPERIENCE

Step into a world where wellness and luxury meet. The Total Wellness Shower Package by CRANACH combines cutting-edge Hydrotherapy, Light Therapy, and Sound Therapy to turn every shower into an extraordinary experience. This all-in-one solution is designed to promote relaxation, rejuvenation, and mental clarity, giving you a spa-like experience right at home.

Imagine soothing water flows that ease muscle tension, therapeutic lights that calm and energize, and sounds that melt away stress—each element working in perfect harmony to enhance your mood, relieve fatigue, and refresh your senses. Whether you're unwinding after a busy day or starting your morning with a burst of energy, our Total Wellness Shower Package offers a holistic experience that transforms your bathroom into your personal sanctuary.

ESSENTIAL WELLNESS SHOWER PACKAGE: SIMPLICITY MEETS THERAPEUTIC COMFORT

Cranach Essential Wellness Shower Package offers an elegantly simple solution. This package focuses on the therapeutic power of water, offering a rejuvenating experience through hydrotherapy—no electricity needed. Step into your shower and feel the calming flow of water from the waterfall showerhead, while soothing body spray jets gently massage your body, relieving tension and refreshing your spirit. It's the ideal way to promote better circulation, reduce stress, and rejuvenate your body—effortlessly.

Designed for those seeking wellness with simplicity, the Essential Wellness Shower Package brings you the healing power of water in its purest form. A perfect choice for anyone who values a soothing, revitalizing shower experience that's easy to install and easy to enjoy. Whether you're starting your day with a burst of energy or winding down after a busy one, this package helps you elevate your daily routine with the therapeutic benefits of water—at home, every day.

FINISH

The GOUGH and RHUM Collections offer comparable performance with their unique waterfall and rainfall flow options, featuring a round shape in the RHUM Collection and a rectangular design in the GOUGH Collection, making them perfect for complementing various bathroom design styles while delivering a spa-like experience with long-lasting durability.

Dual-Functionality

Offers both waterfall and rainfall flow options for a customized shower experience.

Durable Construction

Made with advanced materials that provide lasting durability and performance.

Premium Finish

Resists corrosion and maintains a polished, sleek look over time.

Easy Maintenance

Designed for easy cleaning and upkeep, ensuring long-term beauty and functionality.

Adjustable Angle:

The shower head can be adjusted vertically, allowing you to direct the water flow to your preferred angle.

PRESSURE BALANCE CONTROL

The Pressure Balance Control ensures a stable water temperature by automatically adjusting water flow to maintain balance between hot and cold, preventing sudden temperature changes. This technology enhances safety and comfort, offering a reliable and consistent shower experience.

POLISHED INTERIORS

Meticulously crafted to minimize flow loss, ensuring optimal water flow and enhanced performance.

FORGED-BRASS VALVE BODY

Dezincification-resistant forged-brass body delivers long-term reliability in even the most aggressive water conditions.

VALVE CONNECTION

The valve body is available with NPT connections, compatible with the most popular pipe materials.

PRESSURE BALANCING TECHNOLOGY

Cartridge utilizes Cranach's pressure-balancing technology for accurate and reliable performance.

ROUGH-IN GUIDE

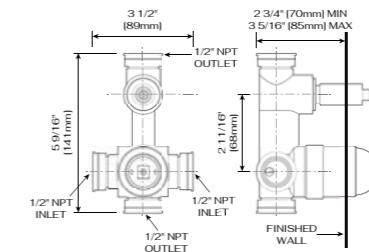

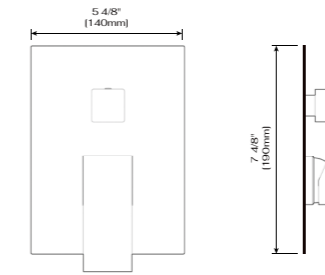

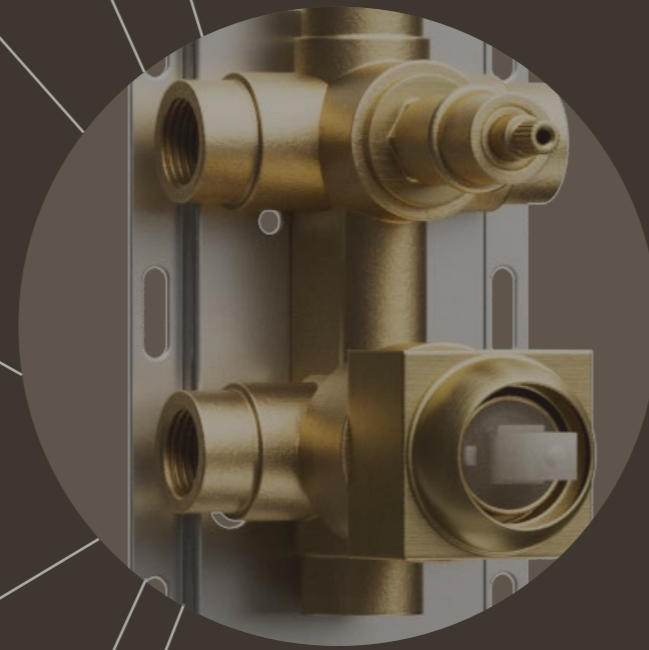

Simplifies installation of finished wall treatment

HIGH TEMPERATURE LIMIT STOP

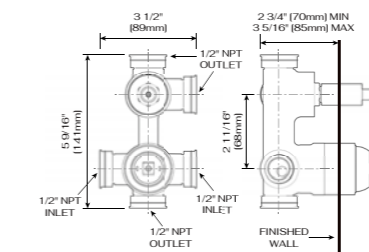

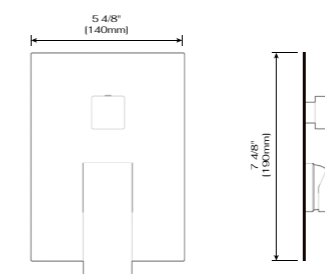

Allow for a maximum water temperature to be set at installation for comfort and safety

VERSATILE INSTALLATION WITH METAL PLATE DESIGN:

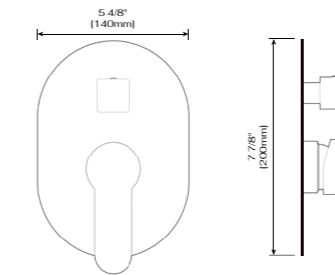

The valve features a metal plate installation, offering easy and secure fitting for both thin-wall and standard wall applications.

**PRESSURE BALANCING THREE FUNCTION VALVE AND TRIM C66.PB03****DESCRIPTION**

THERMOSTATIC VALVE AND TRIM

At CRANACH, we prioritize your comfort and safety with our advanced Thermostatic Technology. This cutting-edge feature ensures that the water temperature remains consistent, providing you with a stable and comfortable shower experience every time. Whether you're stepping into your shower after a long day or preparing for a refreshing start to your morning, thermostatic control guarantees that the water temperature will stay within your desired range, preventing any sudden hot or cold shocks.

POLISHED INTERIORS

Meticulously crafted to minimize flow loss, ensuring optimal water flow and enhanced performance.

FORGED-BRASS VALVE BODY

Dezincification-resistant forged-brass body delivers long-term reliability in even the most aggressive water conditions.

VALVE CONNECTION

The valve body is available with NPT connections, compatible with the most popular pipe materials.

THERMOSTATIC TECHNOLOGY

Thermostatic valve allows for a flow of up to 9GPM, filling tubs 80% faster than 5GPM valves, and ideal for multiple shower outlets.

ROUGH-IN GUIDE

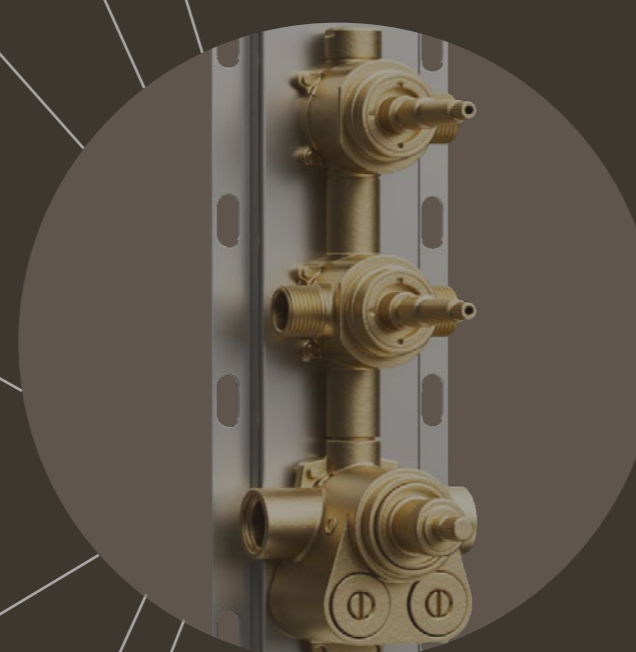

Simplifies installatio of finished wall treatment

HIGH TEMPERATURE LIMIT STOP

Allow for a maximum water temperature to be set at installion for comfort and safety

VERSATILE INSTALLATION WITH METAL PLATE DESIGN

The valve features a metal plate installation, offering easy and secure fitting for both thin-wall and standard wall applications.
