SAFETY NOTES

- ⚠ WARNING: To prevent product failure, property damage, and personal injury, please follow these guidelines:
- ⚠ The shower is designed exclusively for bathing, personal hygiene, and body cleaning purposes.
- ⚠ The shower arm is intended solely to support the showerhead. Do not hang any additional items from the shower arm.
- ⚠ Regularly clean your CRANACH product as needed to prevent the buildup of mineral scale and/or soap residue.
- ⚠ Please refer to the Care And Cleaning when choosing a cleaning agent for this product. Avoid using cleaning products that contain chlorine bleach, lye, hydrochloric acid, formic acid, acetic acid, or abrasive materials.
- ⚠ FAILURE TO ADHERE TO THESE INSTRUCTIONS MAY LEAD TO PRODUCT DAMAGE, MALFUNCTION, AND VOIDING OF THE WARRANTY.

INSTALLATION CONSIDERATIONS

CRANACH recommends that this unit be installed by a licensed professional plumber.

Before starting the installation, please read these instructions carefully and make sure you have all the required tools and materials on hand.

To avoid the risk of scalding, ensure that the maximum output temperature of the shower mixing valve does not exceed 120°F (49°C).

TECHNICAL INFORMATION

Flow Rate: > 2.4 GPM @ 20 PSI

Concealed Body

Hand Shower

Main Body

Decorative cover

Shower Hose

INSTALLATION

1. The installation depth of the embedded body is shown in diagram.
- 1.2 The recommended opening size is $\varnothing 9"$ (230 mm) in diameter and 2" (50 mm) in depth.

- 2.1 Place the embedded body into the prepared hole. Mark the screw hole positions with a pencil according to the mounting holes, then drill the corresponding holes using an electric drill.
- 2.2 If necessary, install the G 1/2" water pipe connectors onto the embedded body as shown in the diagram.
The left side is for the hot water inlet, and the right side is for the cold water inlet.
(The water pipe connectors should be prepared by the installer.)

- 3.1 Insert the expansion bolts into the drilled holes.
- 3.2 Align the embedded body with the screw holes and install it as shown in the diagram. Ensure the embedded box is kept level using the top level indicator.

- 4.1 Turn the cover on top of the embedded box counterclockwise to remove it.
- 4.2 After connecting the hot and cold water inlet pipes, open the water valve and check all connections for leaks.

5.1 After completing the test, reinstall the cover of the embedded box.
 5.2 Refill sand and cement, and lay the floor tiles again.

6.1 Loosen the screws on the protective cover and remove the cover.
 6.2 Use pliers to take out the leak-testing plug.

7.1 Insert the threaded end of the water supply tube upward and screw it clockwise into the main body.
 7.2 Position the stand pipe with the end containing the screw holes facing upward, connect it to the main body, and tighten the screws.

8.1 Slide the decorative cover onto the stand pipe from the bottom upward (recommended distance: approximately 300mm).
 8.2 Attach the triangular flange to the bottom of the stand pipe by turning it clockwise.

9. Align the screws and water inlet fittings with the holes on the embedded body as shown, then install and tighten the screws on the triangular flange.

10. Ensure the installation is secure and free from water leaks. Reinstall the decorative cover and press it down firmly into position.

11. Connect the shower hose between the hand shower and the shower holder on the main body as shown.

WARRANTY

Parts and Finishes:

CRANACH warrants all parts (excluding electronic components and batteries) and finishes of this product, purchased from authorized CRANACH sellers, to be free from defects in material and workmanship.

- Residential Use:
Lifetime warranty, for as long as the original consumer purchaser owns the home in which the product is installed.
- Commercial or Multi-Family Use:
For a period of ten (10) years from the date the product is received by the original purchaser or their authorized representative.

Electronic Components:

If applicable, electronic components (excluding batteries) of CRANACH products purchased from cranachhome.com or authorized CRANACH sellers are warranted to the original consumer purchaser to be free from defects in material and workmanship.

- Residential Use:
For a period of five (5) years from the date the product is received.
- Commercial or Multi-Family Use:
For a period of one (1) year from the date the product is received.

What We Will Do:

During the applicable warranty period, if a defect is found in material or workmanship under normal installation, use, and service, CRANACH will provide replacement parts free of charge. Before returning your product to CRANACH, please visit our website or contact our customer service team (via phone or email) for troubleshooting assistance.

Exclusions & Limitations:

This warranty does not cover:

- Damage caused by abuse, misuse, improper care, lack of maintenance, or improper installation.
- Damage from freezing water or excessive water pressure.
- Damage from abrasive cleaning products or use in violation of applicable codes or regulations.
- Labor charges incurred during installation, removal, or repair of the product.
- Incidental or consequential damages.
