

INSTALLATION MANUAL

RHUM Wall Mount Two-function
Shower Head with Waterfall

ENGLISH

SAFETY NOTES

- ⚠ WARNING: To prevent product failure, property damage, and personal injury, please follow these guidelines:
- ⚠ The shower is designed exclusively for bathing, personal hygiene, and body cleaning purposes.
- ⚠ The shower arm is intended solely to support the showerhead. Do not hang any additional items from the shower arm.
- ⚠ Regularly clean your CRANACH product as needed to prevent the buildup of mineral scale and/or soap residue.
- ⚠ Please refer to the Care And Cleaning when choosing a cleaning agent for this product. Avoid using cleaning products that contain chlorine bleach, lye, hydrochloric acid, formic acid, acetic acid, or abrasive materials.
- ⚠ FAILURE TO ADHERE TO THESE INSTRUCTIONS MAY LEAD TO PRODUCT DAMAGE, MALFUNCTION, AND VOIDING OF THE WARRANTY.

INSTALLATION CONSIDERATIONS

CRANACH recommends that this unit be installed by a licensed professional plumber.

Before starting the installation, please read these instructions carefully and make sure you have all the required tools and materials on hand.

To avoid the risk of scalding, ensure that the maximum output temperature of the shower mixing valve does not exceed 120°F (49°C).

TECHNICAL INFORMATION

Max. Flow Rate: 1.8/2.5 GPM @ 80 PSI

Flange

Shower Head Body

INSTALLATION

1

6 8/16" [165mm]

4 12/16" [120mm]

Rain spray inlet

Waterfall inlet

2 9/16" [65mm]

Depth of the included tile wall is 65mm, so the thickness of the tile must be considered before.

▲ If the rough-in box is installed too deep, the shower head will not be properly secured, potentially causing water leakage and sagging issues. Ensure the installation depth is correct.

1. Reserve space in the wall according to the specified dimensions, ensuring the proper connection of rain and waterfall inlets to the rough-in box.

2

2. Secure the rough-in box, ensure it is properly aligned using a spirit level, and conduct a 24-hour leak test.

3

The rough-in box should be at the same level as the tile, the cover must not exceed this level.

3. Keep the rough-in box flush with the wall surface after tiling and trim any excess material.

4. Remove the cover plate and plug. Fasten the three water inlets into the rough-in box with an Allen key, with the longest inlet serving as a stabilizer for secure installation.

5. Install the flange onto the bottom of the shower head, align it with the screw holes, and tighten securely.

6. Push the shower head body onto the water inlets and secure it with screws using a Allen key.

7

7. After connecting the water inlets, tighten the screws securely.

8

8. At the position shown in the diagram, loosen the screw to adjust the overhead shower angle upwards by 20°-30°.

WARRANTY

Parts and Finishes:

CRANACH warrants all parts (excluding electronic components and batteries) and finishes of this product, purchased from authorized CRANACH sellers, to be free from defects in material and workmanship.

- Residential Use:
Lifetime warranty, for as long as the original consumer purchaser owns the home in which the product is installed.
- Commercial or Multi-Family Use:
For a period of ten (10) years from the date the product is received by the original purchaser or their authorized representative.

Electronic Components:

If applicable, electronic components (excluding batteries) of CRANACH products purchased from cranachhome.com or authorized CRANACH sellers are warranted to the original consumer purchaser to be free from defects in material and workmanship.

- Residential Use:
For a period of five (5) years from the date the product is received.
- Commercial or Multi-Family Use:
For a period of one (1) year from the date the product is received.

What We Will Do:

During the applicable warranty period, if a defect is found in material or workmanship under normal installation, use, and service, CRANACH will provide replacement parts free of charge. Before returning your product to CRANACH, please visit our website or contact our customer service team (via phone or email) for troubleshooting assistance.

Exclusions & Limitations:

This warranty does not cover:

- Damage caused by abuse, misuse, improper care, lack of maintenance, or improper installation.
- Damage from freezing water or excessive water pressure.
- Damage from abrasive cleaning products or use in violation of applicable codes or regulations.
- Labor charges incurred during installation, removal, or repair of the product.
- Incidental or consequential damages.
